STRATCO FOUNDER*

DESIGN FOR LIFE

Stratco has been living HowTo since the dawn of the 'Great Australian Dream' of home ownership. HowTo is evident in our heritage of manufacturing and our traditions of craftsmanship and skill.

A commitment to innovation and engineering ensures that our comprehensive range of quality products continue to redefine outdoor living and offer you the best value patio solution on the market.

With qualified patio specialists, displays in-store, and a network of Authorised Outback Dealers offering a professional design and install service, Stratco designers will work with you to customise a patio specifically for you that will add style, flexibility and value to your home.

Our dedicated buying team scour the world for emerging trends in outdoor living to provide the very latest products for you to accessorise and personalise your outdoor space.

Stratco can help you make the most of your outdoor space and turn your dreams into reality. This is our reason for being; our higher purpose; we are here to help you find HowTo.

HowTo Style Tip

Give your outdoor area pizzazz with geometric shapes and intermix

STYLE STATEMENT

With elegant proportions, Stratco Pavilion is perfect for those demanding the best from their outdoor area. The Pavilion Range is available in three styles: Grande which has larger columns and bulkheads, Slique (pictured) has slender proportions and an ultramodern aesthetic, and Allure which offers the very best in all-season alfresco living via an opening and closing louvre roof (see back cover).

Enhance your outdoors with the versatility of our Madrid furniture range. Reflecting cool, subtle tones, super comfortable chairs that are the perfect height for dining, as well as bars and sunlounges. Madrid is a comprehensive range of outdoor furniture. Scatter our latest range of soft furnishings for that personal touch.

Your backyard is sacred; a place to spend time with friends and family to create everlasting memories. Why not enjoy it all year round? Climate control under your patio is a breeze thanks to Stratco's innovative Cooldek insulated panel. Cooldek provides roofing, insulation and a beautiful ceiling all in one product.

Cooldek is designed to be strong enough to span significant lengths unsupported while providing outstanding thermal performance. Cooldek includes inbuilt rebate to conceal electrical wiring for fans and light fittings making it a clean finish. Get excited to have the family around for outdoor events and treat them under your gorgeous patio throughout the whole year.

Complete the picture with our Sanctuary furniture range. Featuring painted grey steel frames for a modern edge, Sanctuary is also powder coated, adding to the longevity, and giving it greater resistance to rust. The textile fabric is a woven polyester yarn, coated in PVC with an additive to ensure colour fastness and suitability for our hot Australian sun. All table tops feature heat tempered high strength glass to minimise the chance of damage and breakage. So come on in and chat with one of our specialists to get the ball rolling on the backyard of your dreams.

SECRET OASIS

Accessories shown not included.

OPEN HORIZONS

With a view that extends all the way to the coast the best way to take advantage of the scenery is with a Reverse Skillion Roof Stratco Outback® Patio. The reverse pitch provides the biggest opening to your world.

Our extensive range of timber or co-extruded decking on top of Pro-Beam® sub floor framing is an easy to install solid base for your outdoor area.

HowTo *Style Tip*

Outdoor rugs and soft furnishings provide the finishing touch to any outdoor area.

The classic design of timber furniture combined with chair cushions makes this a popular addition to any outdoor area.

Timber furniture is made from hardwood timber that has UV stabilising properties for longevity outdoors.

The timber is sourced from sustainable plantations as certified by the Forest Stewardship Council (FSC) who aim to ensure that environmental, social and economic needs are balanced and that longterm forest management plans are implemented.

HowTo Style Tip

Keep your colour palette simple by choosing colours that are already in your garden.

COMPLETE YOUR OUTDOOR AREA

Finishing touches matter! If you're ready to bring your outdoor area to the next level, consider decorative screening to hide those tired walls and fences, or to create a statement. Stratco have a huge range of outdoor screens and fencing to give your yard the WOW factor!

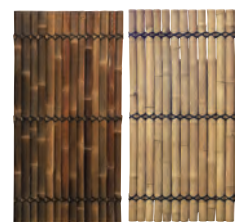

Whether you are trying to spice up your outdoor area or create more privacy in your garden, decorative screening is a great way to go. Decorative screening is an easy and cost-effective way to add a new and stylish feature to your home.

With decorative screening coming in multiple shapes, materials, colours, and sizes it can easily transform any space. Decorative screens have the ability to be used as a statement piece, privacy screen fence, gate, and even facade.

ROLL SCREEN

This is a natural product, easy to install and great for covering unsightly fences. SC-10036-8 (Left to right) Reed, Brushwood and Willow.

HowTo *Style Tip*

Make large areas vibrant all year round with evergreen plants.

ULTIMATE IN STYLISH BLINDS

When you want stylish blinds to protect you from the sun, breeze, rain and insects all year round, you can't go past our quality range of outdoor blinds. Stratco Ambient® Blinds are specially designed for alfresco entertaining areas such as pergolas, verandahs and balconies and can be installed easily on to almost all Stratco Patios.

Ambient Blinds from Stratco offer you a beautiful range of solutions to outdoor lifestyle issues such as sunglare, heat control, UV protection, privacy, and even insect control. Ambient Blinds range attractively integrates into your design style to further enhance your outdoor lifestyle, all year round. Choose from glare reducing dark greys to creams and natural tones that reduce heat loading to match or contrast with your décor. Available in a choice of fabrics that, depending on the density of the weave, will provide clearer views or greater privacy according to your needs.

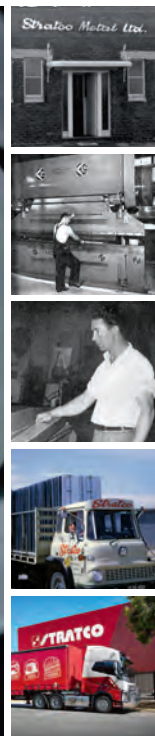

CUSTOM DESIGN MANUFACTURE AND INSTALL

At Stratco we custom design and manufacture every patio specifically to individual customer requirements. This ensures that your Outback patio or Pavilion will become an integral part of your home and your lifestyle.

Stratco patios come as a custom manufactured D.I.Y. kit, complete with comprehensive instructions, or we can arrange professional installation from one of our Authorised Outback Dealers.

Stratco's in-store design team and Authorised Outback Dealers will help you through every step of your patio build, from concept through to installation. With the widest range of designs and options available, backed by industry-leading engineering support, Stratco HowTo ensures you'll love your new patio and want to share it with friends and family for many years to come.

Come into our Stratco stores to see our extensive outdoor range and get a free patio design and quote!
